Benefit to Assist Arts Students

There'll be dining, dancing, socializing and a bevy of entertainers when the School of Fine and Performing Arts presents its premiere annual benefit extravaganza, "Dining for the Arts," on Saturday, March 24. Hosted by the Advisory Board of the Friends of the Arts, this black-tie gala -- taking place in the elegant penthouse of the newly build corporate center, The Overlook at Great Notch in Little Falls, N.J. -- will benefit the School's scholarship fund.

The evening will begin at 6:30 with cocktails and hors d'oeuvres. Dinner, featuring Northern Italian cuisine, will be served at 7:30 p.m.

During the cocktail hour, patrons will have an opportunity to view faculty and student art work to the accompaniment of the MSC Varsity Jazz Ensemble. After dinner, the School will spotlight the talents of its faculty and visiting specialists, students and alumni.

Tickets to this event, the main fundraising effort for the School's scholarship fund, are \$100 (\$70 of each ticket is tax deductible) and may be obtained by contacting Dyann Brown at 7492.

Robert McCormick of Institutional Assessment announces the 1990 Montclair Assessment Conference: Strategies and Prospects for the Decade will take place March 22 through 24 on campus and at the Sheraton Fairfield Hotel.

Assessment Conference: Strategies/Prospects

The three keynote speakers are leading national assessment experts. Additionally, 29 presentations by speakers representing a variety of institutions across the country are scheduled.

The call for papers emphasized the desire for presentations on the basics of assessment, as well as those which would place assessment in the larger context of higher education as an enterprise. The result is a set of presentations which can be of great help to colleagues whose departments have already launched or are about to embark on programmatic assessment.

McCormick says that a number of colleagues have expressed interest in attending the conference, and adds that a number of the school deans have indicated they will materially support attendance at the conference by covering the reduced registration fee for MSC faculty and staff of \$80 (which includes attendance at all sessions as well as breakfast and lunch on Friday, March 23, and Saturday, March 24). Those wishing to attend should contact their dean and McCormick at 4408.

Affirmative Action Meeting

The next meeting of the President's Commission on Affirmative Action is scheduled for Thursday, March 29, from 1 to 3 p.m. in the Student Center, Room 419.

Anita Walters also announces the appointment of Barbara J. Milton to the position of Managing Administrative Assistant in the EO/AAO. Milton was the Affirmative Action Coordinator for the city of Lancaster, Pennsylvania, prior to her appointment at MSC.

At MSC, Milton will meet with search committees, monitor recruitment and hiring on all levels, work closely with the President's Commission on Affirmative Action, prepare and analyze employment data, act as liaison for the EO/AAO with members of the college community and assist in carrying out the many responsibilities inherent in the Affirmative Action Program.

Proctors Needed for Basic Skills Testing

The Basic Skills Testing Office is looking for people to serve as proctors. Proctors provide support to the Basic Skills Testing Program which tests all incoming students to MSC (except those transferring with 26 or more credits). All College employees are eligible to work as proctors, with the exception of undergraduate students.

Proctors' general responsibilities will include: assisting in seating students in the testing room, assisting the supervisor in distributing and collecting test materials, walking about the testing room frequently to make sure students are following instructions and to guard against misconduct, organizing materials for submission to the Testing Office and checking materials submitted by students for completeness and accuracy.

If you are interested in becoming a proctor, you must attend a training session on one of the following dates: Thursday, March 22, Thursday, March 29 or Wednesday, April 4. All sessions will take place from 5 to 6 p.m. in the SMNS Faculty Seminar Room, Richardson Hall, Room 116.

MASTER PLAN UPDATE

The College Facilities Master Plan Committee recently reviewed over 40 proposals from Architectural/Engineering firms who are interested in designing our new Master Plan projects. Interviews were held between March 13 and March 16 with the twelve semi-finalists:

Small Firms

Francis C. Klein & Associates, Montclair
Furnstahl & Simon Architects, New York City
Johnson Jones, Princeton
Karahan/Schwarting Architecture Co., New York City

Large Firms

Berger Associates Architects & Planners, Newark
Beyer Blinder Belle & Harry Weese & Associates, New York City
Geddes Brecher Qualls Cunningham, Architects, Princeton
Haines Lundberg Waehler, Basking Ridge
H2L2, Philadelphia
Ryan Gibson Bauer Kornblath, Middletown, NJ
The Eggers Group, New York City
Seltzer/Grade Associates & Architects, West Orange

The Committee will shortly be recommending approximately five of the above firms to the College Administration for further consideration.

The anticipated schedule is as follows:

| | |
|---|-------------|
| 1) Interviews of Final Short List by College Administration | 3/26 - 3/30 |
| 2) Selection of Firms for Cost Proposals | 4/5 |
| 3) Firms submit Cost Proposals | 4/19 |
| 4) College Administration Selection of Firm(s) | 4/23 |
| 5) College Board of Trustees Review and Approval of Selection | 5/10 |

After the final firm(s) have been authorized, the actual design of these facilities will begin. The following subcommittees have been established to assist the Facilities Master Plan Committee in working with the selected firm(s):

Classroom Subcommittee

Dr. David Stuehler, Chairperson

Library Subcommittee

Dr. Bernice Jones Trent, Chairperson

Service Projects Subcommittee

Ms. Kiki Williams, Acting Chairperson

Fine Arts Subcommittee

Mr. William McCreath, Acting Chairperson

These subcommittees are currently meeting so as to organize for their future responsibilities. In addition, they are developing the "educational program" which will be given to the architects as a starting point for their design.

Any questions concerning the overall status of these projects can be addressed to any member of the Facilities Master Plan Committee or to the individual subcommittees.

STATED BRIEFLY

MONTCLAIR STATE COLLEGE

March 30, 1990

Dr. Reid's Inauguration

The inauguration of Dr. Irvin D. Reid as seventh president of Montclair State will take place at 11 a.m. on Friday, April 6, in Memorial Auditorium. More than 200 representatives from colleges across the country will join members of the Montclair State faculty in the inaugural procession. A number of distinguished guests, including members of the New Jersey Legislature and the press, will be on campus to participate in the inaugural events.

Rick Davis of Administrative Services announces that a limited amount of seating in the auditorium will be available for members of the college community. Members of the support staff who wish to attend the inauguration ceremony may be permitted to do so at 10:45 a.m., work requirements permitting, upon approval by individual supervisors. Employees who elect to attend the inauguration are to return to their work stations upon completion of the ceremony.

Also, a limited amount of tickets are still available to the inaugural concert at 8 p.m. on Thursday, April 5, in Memorial Auditorium. An international program of music, mime and mixed media, the concert will feature performances by Montclair State faculty, visiting specialists, alumni and guests. The concert will close with MSC alumna Melba Moore performing "Lift Every Voice and Sing," a selection from her soon-to-be-released album. To obtain tickets, stop by the Box Office between 9 a.m. and 4 p.m. No phone reservations will be accepted.

MSC Dancers Participate in Festival

Twelve MSC dancers participated in classes, performances and adjudications during the four day American College Festival at the University of Arizona in Tucson. There were 25 colleges and universities represented, with over 300 students participating.

MSC presented two dances for adjudication by professional dance critics. Both pieces were selected as alternates to the National American College Dance Festival taking place in Denton, Texas, in May. Additionally, both pieces were among a field of seven (out of 35) included to represent the adjudicators' "fantasy concert."

Also, of the 70 people vying for summer dance scholarships, four MSC students were selected as finalists. The winners will be announced in a few weeks. Two MSC students have been awarded summer scholarships to prestigious dance festivals from the past two American College Dance Festivals attended.

Critical Thinking Needs Workshop Topic Ideas

The Institute for Critical Thinking is looking for topic suggestions from all academic disciplines for faculty workshops in June.

Proposals should explore relationships and concerns between a given field and critical thinking. Cross-disciplinary proposals are especially welcome.

Proposals should be submitted by Friday, April 6, to the Institute of Critical Thinking in Life Hall, room 224. Call 5184 for further information.

Student Center Info Numbers

The Student Center Administration office, located on the Second Floor of the Student Center, announces that the building manager or assistant manager can be reached at 7546 on weekday evenings and weekends, to assist with any facility-related needs or problems. If no one answers, call the pager number: 578-7268.

The Information Desk is manned most weekdays and weekends from 8:30 a.m. to 10 p.m. Services include after-hour I.D. pick up and daily activity schedules. Call 5329 for assistance.

Savage Sends Her 'Thanks'

Alicia Savage of Second Careers would like to thank everyone who sent cards and flowers during her recent hospitalization. Savage, who is now at home for an extended recuperation period, said the get-well wishes were gratefully received and appreciated.

Works by Hispanic Artists Exhibited

The College Art Gallery will present an exhibition of paintings, sculptures and photographs by eight contemporary Hispanic artists affiliated with the Museo del Barrio, today through April 25.

These artists were chosen from a select group who have shown their works through the Museo del Barrio, a Manhattan museum dedicated to promoting the works of Latin American artists. Curators for this exhibit are Carlos Ortiz of Humanities and Social Sciences, and Walter Swales of Fine Arts.

Four of the artists will present a slide show and discuss their work on Wednesday, April 4, from 3 to 4 p.m. in the gallery. A reception will follow.

Gallery hours are weekdays from 10 a.m. to 4 p.m., and Saturdays, from 1 to 5 p.m.

Big Band Dance

The Montclair State Student Center Ballrooms will echo with the sounds of jazz when the New Jersey-based Shad Royfull's Big Band holds a free, informal dance there on Saturday, March 31, from 9 p.m. to 1 a.m.

The 17-piece band, under the direction of Montclair resident Shad Royfull, includes former members from Count Basie, Duke Ellington and Lionel Hampton's bands.

The dance is sponsored by the School of Fine and Performing Arts. For more information, call Ellen Mohammed at 4307.

Children's Concert by MSC Symphony Orchestra

The Montclair State College Symphony Orchestra, directed by MSC professor Oscar Ravina, will perform a children's concert on Sunday, April 1, at 3 p.m. in Memorial Auditorium on campus.

On the program will be the first movements from Franz Schubert's "Octet for Strings and Winds," Mendelssohn's "Violin Concerto D Minor," Mozart's "Violin Concerto Number 3 in G Major," along with Prokofieff's "Peter and the Wolf."

PROCLAMATION

DAYS OF REMEMBRANCE OF THE VICTIMS OF THE HOLOCAUST

APRIL 22, 1990 - APRIL 29, 1990

Six million Jews were murdered in the Nazi Holocaust from 1933 to 1945 as part of a systematic program of genocide, and millions of other people also perished as victims of Nazism.

The Montclair State community will want to remember the atrocities committed by the Nazis so that such horrors are never repeated, and we will also want to remain eternally vigilant against prejudice and bigotry because these attitudes provide the breeding ground for tyranny to flourish. Members of our campus community will want to rededicate ourselves to the principle of equal justice for all people.

Montclair State joins the President of the United States, and the Congress which in 1980 unanimously created the United States Holocaust Memorial Council, and others in this international commemoration.

NOW, THEREFORE, I, IRVIN D. REID, President of Montclair State hereby proclaim the week of April 22, 1990 through April 29, 1990 as the Days of Remembrance of the Victims of the Holocaust, and I am confident that we will strive always to overcome prejudice and inhumanity through education, vigilance and resistance.

APO Blood Drive Announced

Alpha Phi Omega, a national co-ed service fraternity, seeks campus support of their biannual blood drive, taking place on Tuesday, May 15, at Clove Road Apartments and the Blanton Hall Atrium, and on May 16 and 17 in the Student Center Ballrooms.

The drive, cosponsored by the North Jersey Blood Center with volunteers from the Montclair Red Cross, will run from 10 a.m. to 4 p.m. daily. The Fall 1989 blood drive was a success, collecting over 200 pints of blood.

According to President Irvin D. Reid, "Money, the best medical skills, and all the newest, most spectacular drugs often are not enough to save a life without the gift of blood, which can only come from another human being.

"Here in northern New Jersey, because of our tremendous usage of blood, the need has outstripped the supply...To ensure that blood will be available when you need it, I encourage you to give."

'Jam' the Night Away

Faculty, staff and administrators are invited to join MSC students at the "Jam for a Benefit" dance marathon, taking place from 8 p.m. Friday through 8 a.m. Saturday in the Blanton Hall atrium. Proceeds will benefit the Red Cross' National Disaster Relief Fund and the local Montclair Chapter. The marathon is restricted to the MSC community; each MSC attendee is entitled to bring two guests.

The marathon, sponsored by resident dorm assistants and seniors Kama Chavis, Jolleen Newby and Tammy Hilliard, along with Blanton Hall Resident Director Deborah LoBiondo, will feature live performances by recording artists K-YZE, Hunter Hayes, On Top and J.J. Jumpers. DJ Jazzy B from the Cheetah Club in Paterson, will play an assortment of salsa, rock, pop, club, reggae and hip-house music between sets.

Student Films Showcased

Ambitious marathoners can enter the contest for \$10 per couple and \$25 for a group of four, and are requested to obtain sponsors. For a \$12 admission fee, interested persons can dance for a few hours or listen to the music. Marathon winners and outstanding fundraisers will be awarded plaques and prizes; participants will receive free giveaways. Refreshments will be provided.

Financial and material support for the marathon was received from student organizations, the MSC Book Store and numerous community businesses. For more information, call 5212.

'Unusual' Grads Sought

The press is interested in receiving news about "unique" MSC students participating in this year's commencement. Please contact us if you know of any such cases -- for example, twins graduating together, a much older/second careers student or a foreign student with an interesting story. Send a memo noting the grad's name, hometown (if possible) and the reasons why he or she can be deemed "unique," to the Office of Public Information, the Bond House, or E-Mail your ideas to BURGHARD. We'd appreciate hearing from you as soon as possible.

A jointly supervised academic advising system will facilitate appropriate course selection and administrative procedures. A feature of this exchange program is its "mentoring" component. Faculty, administrators, and students will be identified and trained by the host institutions to serve as mentors for the exchanges.

Puerto Rico institutions of higher education participating in the exchange are Universidad Interamericana, Universidad de Puerto Rico, Universidad Catolica, Universidad del Turabo, Universidad del Sagrado Corazon, Universidad del Caribe and Puerto Rico Junior College.

Scholarship Created to Honor Paul

Alyce Miller of English has announced that, in memory of Ray Paul, the students and faculty of the department are creating a special fund to reward journalism students for outstanding work. This fund will take the form of a small scholarship or an award. Since Paul taught the history of journalism and also wrote several historical novels based on journalistic evidence, this fund is believed to be consistent with his passion for writing and his concern for promoting students' interests.

Donations from faculty, students and administrators who knew Ray Paul would be appreciated. Checks should be made out to "MSC Foundation--Ray Paul Fund," and forwarded to Miller in Partridge Hall, room 407.

Blumberg Addresses Crowds in Japan

Last month, Aryeh Blumberg of Finance and Quantitative Methods lectured and performed research in Tokyo.

The lectures were sponsored by the College Division of the Private School Association, in keeping with its emphasis on "kokusaika," the internationalization of education. Blumberg spoke at Showa Women's University, Bunkyo Women's College, Shokutoku College, Murata Liberal Arts and Accounting College, and selective private senior high schools, including Sundai, Tokyo Joshi, and Junten. The audiences consisted of administrators, faculty, board members, parents, and students, and ranged from two hundred to two thousand. His introductory remarks were in Japanese, while the remainder of the speech was delivered in English, with simultaneous translation.

Although some of the shorter lectures dealt with economic aspects of U.S.-Japanese relations, the major theme of his lectures was that Japan's unique contribution to the world, even more important than its economic achievement, stems

from its spiritual tradition as influenced by Shinto and Zen Buddhism that stress harmony rather than conquest of nature. This theme was linked to the world's environmental movement.

Blumberg also conducted interviews with senior officials of various government ministries and the federation of Japanese Industries, for a research project on Japanese investment in the United States. He was invited to make presentations about his preliminary findings in the fall of this year.

Blumberg's interest in Japan is long-standing, having lived in Tokyo from 1954 to 1956.
